RE: Right-of-Entry Letter

Dear Mario,

Enclosed please find a copy of the right-of-entry letter LADOT requires be on file for any signal that intrudes into private property. This letter is only needed for the driveway opposite the San Diego Freeway ramp at 190th Street, since all of the other roadways with signalized intersections are to be dedicated to the City.

Please feel free to call me with any questions.

Sincerely,

A handwritten signature in cursive script that reads "George Rhyner".

**Comments:** Jay; The LA Department of Transportation has directed BRC to execute the attached document in order to move forward with off-site mitigation measures along 190<sup>th</sup> Street. My question is a simple one -- don't we need to record an easement in order for this right-of-entry to run with the land??? Can we simply record the enclosed access agreement and bind Vestar?? **Please let me know ASAP.** The LADOT will not approve our Phase I mitigations until the "right-of-entry" or some like form is executed by BRC.
